BUSINESS RIGENERATIVO

È in corso un **cambiamento culturale** epocale di cui siamo orgogliosi di essere parte. Uno dei principi fondamentali di tutte le B Corp è quello di adottare un business rigenerativo che si contrappone a quello estrattivo.

Rigenerare significa non solo diminuire l'impatto sulla natura e sull'ambiente che ci circonda, ma addirittura produrre effetti positivi, creando valore condiviso nella società e rigenerando la biosfera.

Diventano B Corp solo quelle aziende che misurano il loro impatto complessivo attraverso il Benefit Impact Assessment (BIA) superando il punteggio di 80 (in una scala da 0 a 200) ed entrando così in una élite di imprese **rigenerative**. Chi non supera questa soglia viene considerata **azienda estrattiva** ovvero per funzionare consuma risorse economiche, sociali e ambientali superiori di quanto sia in grado di generare come output.

REGENERATIVE BUSINESS

An historical **cultural shift** is under way, of which we are proud to be a part. One of the underlying principles of all B Corps is the adoption of a regenerative business model as opposed to an extractive one.

Regenerating means not only reducing the impact of business on our surrounding nature and environment, but also producing **positive effects, creating shared value in society and regenerating the biosphere.**

Only those companies that measure their overall impact through the Benefit Impact Assessment (BIA) exceeding the score of 80 points can be certified as B Corp, joining an elite of **regenerative companies**. Anyone who does not exceed this threshold is considered an **extractive company** or, in order to function, they consume higher economic, social and environmental resources than they are able to generate as output.

IL PUNTEGGIO DI FLORIM

Il punteggio conseguito da Florim Italia è di 98,1 punti e il consolidato, che comprende la consociata americana, è di 90,9 punti. Così il Gruppo Florim rientra tra le 3.700 B Corp al mondo.

Sono oltre 140.000 le aziende che stanno cercando di ottenere la certificazione, nel rispetto di **severissimi standard di trasparenza e sostenibilità.**

Solo il 3% riesce a superare l'iter di verifica imposto da **B Lab**, ente certificatore di origine americana che oggi opera a livello globale.

FLORIM'S SCORE

Florim Italia score is 98.1 points and the consolidated, which includes the American subsidiary, is 90.9 points. Florim Group is now one of the 3,700 B Corps throughout the world.

More than 140,000 companies are currently seeking to obtain the certification **in compliance with the strictest transparency and sustainability standards.**

Only 3% manage to pass the verification process implemented by **B Lab**, the US certifying body that currently operates on a global scale.

BASEL GREY

The constant evolution of architecture and our new lifestyles have led more and more towards the search for osmotic environments where the inside encroaches on the outside spaces with a natural informality.

This is why it becomes necessary to find a fluid surface suitable for creating places that will dialogue with each other uniformly and discreetly.

AIRTECH/ has been devised to integrate into all spaces in which one's instinct for design can leave a distinctive mark.

A complete system of surface finishes, colours and sizes highlight unexpected potentialities.

NEW YORK LIGHT GREY

L'évolution architecturale constante et les nouveaux styles de vie sont de plus en plus orientés vers la recherche d'espaces osmotiques où l'intérieur empiète sur l'extérieur avec une informalité naturelle. Il devient ainsi nécessaire de trouver une surface fluide adaptée à la création de lieux en mesure de dialoguer entre eux de façon uniforme et discrète.

La série **AIRTECH/** a été conçue pour s'adapter à tous les espaces pouvant se distinguer par l'instinct de l'architecte.

Un système complet de surfaces, de couleurs et de formats qui définissent des potentialités surprenantes.

STOCKHOLM GREIGE

Die kontinuierliche Entwicklung in der Architektur und die neuen Lebensstile orientieren sich mehr und mehr an der Suche nach einem osmotischen Ambiente, in dem das Innere mit einer natürlichen Informalität an das Äußere grenzt.

Aus diesem Grund ist es notwendig, eine fließende Oberfläche für die Gestaltung von Räumen zu finden, die auf einheitliche und diskrete Weise miteinander kommunizieren.

AIRTECH/ wurde entwickelt, um in allen Räumlichkeiten zu passen, in denen der Designinstinkt eine unverwechselbare Note hinterlassen kann.

Ein komplettes System von Oberflächen, Farben und Formaten definiert ein unerwartetes Potenzial.

BERLIN RED

La continua evolución arquitectónica y los nuevos estilos de vida están cada vez más orientados a la investigación de ambientes osmóticos en los que el interior invade el exterior con una informalidad natural y, precisamente por eso, encontrar una superficie fluida que se adapte a la creación de lugares que dialoguen entre sí de forma homogénea y discreta se convierte en una necesidad.

AIRTECH/ se ha pensado para integrarse en todos los espacios en los que el propio instinto de diseño pueda dejar una marca distintiva.

Un sistema completo de superficies, colores y formatos definen potencialidades inesperadas.

Постоянная эволюция архитектурных стилей и меняющийся образ жизни все больше ориентируются на поиск взаимопроникающих интерьеров, где с непосредственной естественностью размываются внутренние и внешние границы. Поэтому возникает необходимость найти «текущую» поверхность, подходящую для создания помещений, плавно и ненавязчиво переходящих одно в другое. Коллекция **AIRTECH/** была задумана для интеграции во все те интерьеры, где ее интуитивный дизайн может оставить свой особый отпечаток. Это целая система фактур, цветов и форматов, позволяющих находить самые неожиданные решения.
